## DO I NEED A SHAVE?

That's the wall of the man who uses the old-style razor. He must either go to the barber-shop and wait his turn, or torture himself with a razor that pulls and drags in spite of all his stroping, and cuts him in spite of all his care.

The GILLETTE SAFETY RAZOR would make shaving a pleasure to him. No honing, stroping or cutting. Always ready, too.

## SOCIAL SERVICE DUTIES FOR OAHU COLLEGE STUDENTS

The Hui Pauahi is the name of a new society organized for social service among the students and teachers of Oahu College. A considerable amount of work in the mission and social settlement field has been done by students and teachers during the year. The need for an organization was felt, by which more persons might be enlisted in the work and the work itself better systematized and coordinated. The plan of organization has been under way for some time. A few days ago President Griffiths addressed the students on the subject, pointing out the work to be done in this community, the comparatively few on whom the burden fell, and the necessity that the students at Punahou, who are to become the men and women in charge of affairs in a few years, should begin to take some time and attention from their personal and school interests and give a share of them to the less fortunate members of society.

The hearty response to the appeal is evidenced by the number who have

become members of the Hui Pauahi. About fifty persons, students and teachers, are enrolled. The officers for this school year were elected as follows: President, John Desha; vice president, Miss Foster; secretary, Edith H. Smith; treasurer, Kenneth Winter. The various branches of work to be undertaken, as sewing for the homes, teaching and working in the mission schools, assisting with the boys' clubs, etc., will be in charge of committees. The officers and chairmen of these committees will constitute a board of directors, who will supervise the work of the society.

Funds for materials and other expenses are to be secured from the plays to be given by the department of oral expression on Saturday evening, February 8, in Chas. R. Bishop Hall. Rehearsals for these have been going on for some time under the direction of Miss Bruce. Those who patronize the plays will have the double pleasure of seeing an artistic performance and of helping to support the philanthropic work of the school.

## May's : Old : Kona Coffee

We've found a new process for getting the best roasted coffee from the raw bean. The machine that does it is a wonderful new invention. It saves 25 per cent more of the natural aroma than any other coffee roaster. It means that May's famous Old Kona Coffee is 25 per cent better than ever before. That sounds almost too good to be true; yet we now have the roaster in operation and the result is just as we say.

Come and see the new roaster. It is run by electricity, roasts the coffee beans to an absolutely even brown in ten minutes and removes all chaff in the process. It's the only roaster of the kind in the Islands.

Most important of all—take home a package of the coffee and see how good it is. The price is still the same—25c the pound.

On one of the Southern railroads there is a station building that is commonly known by travelers as the smallest railroad station in America. It is of this station that the story is told that an old farmer was expecting a chicken-house to arrive there, and he sent one of his hands, a newcomer, to fetch it. Arriving there, the man saw the house, loaded it on his wagon, and started for home. On the way he met a man in uniform, with the words "Station Agent" on his cap. "Say, hold on! What have you got on that wagon?" he asked. "My chicken-house, of course," was the reply. "Chicken-house be jiggered!" exploded the official. "That's the station!"

The kindly 'squire of the neighborhood was just leaving from a friendly social visit to Mrs. Maguire. "And your son, Mrs. Maguire?" said the 'squire as he reached for his hat. "I hope he is well. Busy, I suppose, getting ready for his wedding tonight?" "Well, not very busy this mornin', 'squire," answered the beaming mother. "He's upstairs in bed while I'm washing out his trousseau."

Wealthy Physician—"I didn't have \$500 worth of practise until I bought an automobile."

Aged Invalid—"Made your own patients, I suppose?"

Wealthy Physician—"Well, you see, I'd run over people, load them in the tonneau, carry them to the office, and operate on them before they came to. Couldn't leave them on the road, you know."
